We greatly value everything Reverend Hazel does to support our school. From Open the Book assemblies and the Kidzone after-school club to the delivery of RE lessons and church visits, the church's contribution has significantly enhanced our curriculum offer and enriched the experiences of our pupils. The RE provision, in particular, is a real strength. Lessons are engaging, well-planned and delivered in an impartial and balanced manner, enabling children to explore and understand different beliefs and values while developing their own knowledge and critical thinking skills. We are extremely fortunate to benefit from such a strong partnership and are very grateful for Reverend Hazel's dedication, professionalism and continued support of our school community.

Thanks

Simon

Part of the team for Year 7 RE Lessons Big Questions, with visitors answering questions from students throughout the lessons and Year 9 'Christian Practices' where speakers are invited to give a short, interactive presentation of church practices.

Guests use video clips, photos and artefacts and then take questions from students. Each Year 7 class has two consecutive lessons, each with a different speaker and each Year 9 class has 4 consecutive lessons with a range of different speakers.

Faith and Ethics Forum

Year 10 RE students had a fantastic enrichment session on Friday with faith and community leaders. The panel shared a range of different worldviews on the ethical topics we have been learning about in their RE lessons. Students listened respectfully and will have time in their lessons to reflect further. This was a fantastic forum for students to learn about different perspectives for their relationships and families topics. The rest of Year 10 will have the same opportunity in July.

PJ Livett from Exeter has pioneered REPHRASE www.rephrasesw.co.uk and it has spread nationwide with a relationships-based sex education programme that

she had a vision for as a teenager! Now in demand everywhere with many awards and very well received with Year 10 and 11, now returning annually.
